Directors' Report (continued)

Short and long term objectives

The principal short and long term objectives of the consolidated entity are to operate a licensed social Club for the use of the members and their guests and to promote and foster the playing of Rugby League Football in the St George district and elsewhere.

Strategy for achieving the objectives

The Board and Management regularly address cash flow forecasts and apply budgetary controls to ensure that the objectives are achieved.

Principal activities

The principal activities of the company during the financial year were that of a licensed social Club and controlling the operations of the St George District Rugby League Football Club Limited.

There have been no significant changes in the nature of these activities during the year.

How these activities assist in achieving the objectives

These activities generate funds to achieve the objectives of providing facilities and promoting and fostering the playing of rugby league football.

Performance measurement and key performance indicator

A number of performance indicators are employed by the company in order to measure and improve the company's performance. The company uses gross profit percentage and wages to sales percentage to measure the financial performance of each department.

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 4.

Signed in accordance with a resolution of the directors.

DECLARATION OF INDEPENDENCE BY CLAYTON EVELEIGH TO THE DIRECTORS OF ST GEORGE LEAGUES CLUB LIMITED AND ITS CONTROLLED ENTITY

As lead auditor of St George Leagues Club Limited and its Controlled Entity for the year ended 31 October 2020, I declare that, to the best of my knowledge and belief, there have been no contraventions of:

- The auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- Any applicable code of professional conduct in relation to the audit.

This declaration is in respect to St George Leagues Club Limited and the entities it controlled during the year.

INDEPENDENT AUDITOR'S REPORT

To the members of St George Leagues Club Limited and its Controlled Entity

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of St George Leagues Club Limited (the Company) and its Controlled Entity (the consolidated entity), which comprises the consolidated statement of financial position as at 31 October 2020, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in members' funds and the consolidated statement of cash flows for the year then ended, and notes to the financial report, including a summary of significant accounting policies and the directors' declaration.

In our opinion the accompanying financial report of St George Leagues Club Limited and its Controlled Entity, is in accordance with the *Corporations Act 2001*, including:

- (i) Giving a true and fair view of the Group's financial position as at 31 October 2020 and of its financial performance for the year ended on that date; and
- (ii) Complying with Australian Accounting Standards - Reduced Disclosure Requirements and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Consolidated Entity in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Directors' report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at: http://www.auasb.gov.au/auditors_files/ar3.pdf. This description forms part of our auditor's report.

St George Leagues Club Limited and its Controlled Entity

Notes to the Financial Statements

For the Year Ended 31 October 2020

About this report

St George Leagues Club Limited is a company limited by guarantee, incorporated and domiciled in Australia and is a non-for-profit entity for the purposes of preparing the financial statements. The financial statements are for St George Leagues Club Limited and its Controlled Entity. The financial statements were authorised for issue on 2 February 2021, in accordance with a resolution of directors. The directors have the power to amend and reissue the financial report.

The financial statements are general purpose financial statements which:

- Have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*, as appropriate for not-for-profit orientated entities;
- Have been prepared under the historical cost convention;
- Are presented in Australian dollars;
- Where necessary comparative information has been restated to conform with changes in presentation in the current year;
- Adopts all new and amended Accounting Standards and Interpretations issued by the AASB that are relevant to the operations of the Company and effective for reporting periods beginning on or after 1 November 2019; and
- Have been prepared on a going concern basis.

New, revised or amending accounting standards and interpretations adopted

The consolidated entity has adopted all new or amended Accounting Standards and Interpretations issued by the AASB that are mandatory for the current reporting period. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted. The following Accounting Standards and Interpretations are most relevant to the Group:

AASB 15 Revenue from Contracts with Customers

The consolidated entity has adopted AASB 15 *Revenue from Contracts with Customers* from 1 November 2019. The standard provides a single comprehensive model for revenue recognition. The core principle of the standard is that the an entity shall recognise revenue to depict the transfer of promised goods or services to members at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

AASB 1058 Income of Not-for-Profit Entities

The consolidated entity has adopted AASB 1058 from 1 November 2019. The standard replaces AASB 1004 'Contributions' in respect to income recognition requirements for not-for-profit entities. The timing of income recognition under AASB 1058 is dependent upon whether the transaction gives rise to a liability or other performance obligation at the time of receipt. Income under the standard is recognised where: an asset is received in a transaction, such as by way of grant, bequest or donation; there has either been no consideration transferred, or the consideration paid is significantly less than the asset's fair value; and where the intention is to principally enable the entity to further its objectives.

St George Leagues Club Limited and its Controlled Entity

Notes to the Financial Statements

For the Year Ended 31 October 2020

New or amended Accounting Standards and Interpretations adopted (continued)

AASB 1058 Income of Not-for-Profit Entities

The consolidated entity has adopted AASB 1058 from 1 November 2019. The standard replaces AASB 1004 'Contributions' in respect to income recognition requirements for not-for-profit entities. The timing of income recognition under AASB 1058 is dependent upon whether the transaction gives rise to a liability or other performance obligation at the time of receipt. Income under the standard is recognised where: an asset is received in a transaction, such as by way of grant, bequest or donation; there has either been no consideration transferred, or the consideration paid is significantly less than the asset's fair value; and where the intention is to principally enable the entity to further its objectives.

AASB 16 Leases

The Group has adopted AASB 16 from 1 November 2019. The standard replaces AASB 117 'Leases' and for lessees eliminates the classifications of operating leases and finance leases. Except for short-term leases and leases of low-value assets, right-of-use assets and corresponding lease liabilities are recognised in the statement of financial position. Straight-line operating lease expense recognition is replaced with a depreciation charge for the right-of-use assets (included in depreciation expense) and an interest expense on the recognised lease liabilities (included in finance costs). In the earlier periods of the lease, the expenses associated with the lease under AASB 16 will be higher when compared to lease expenses under AASB 117. However, EBITDA (Earnings Before Interest, Tax, Depreciation and Amortisation) results improve as the operating expense is now replaced by interest expense and depreciation in profit or loss. For classification within the statement of cash flows, the interest portion is disclosed in operating activities and the principal portion of the lease payments are separately disclosed in financing activities. For lessor accounting, the standard does not substantially change how a lessor accounts for leases. There was no impact on adoption of AASB 16 on the financial statements for the reporting period ended 31 October 2020.

Impact of adoption of AASB 15, AASB 16 and AASB 1058

AASB 15, AASB 16 and AASB 1058 were adopted using the modified retrospective approach and as such comparatives have not been restated. There was no impact from the adoption of AASB 15 Revenue from Contracts with Customers and AASB 1058 Income from Not-for-Profit Entities on opening retained profits as at 1 November 2019 and the statement of financial position at 31 October 2020.

There was no significant difference on adoption of AASB 16 *Leases* from the operating lease commitments disclosed in applying AASB 117 at the end of the previous annual reporting period 31 October 2019 after having discounted the commitments using the incremental borrowing rate at 1 November 2019.

Critical Accounting Judgements, Estimates and Assumptions

In the process of applying the company's accounting policies, management has made a number of judgements and applied estimates of future events. Judgements and estimates that are material to the financial statements include:

Recoverability of deferred tax assets	Note 4
Estimated useful lives of assets	Note 7
Long service leave provision	Note 10

St George Leagues Club Limited and its Controlled Entity

Notes to the Financial Statements

For the Year Ended 31 October 2020

Impact of COVID-19

The financial statements have been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlements of liabilities in the ordinary course of business for a period of at least twelve months from the date of these financial statements were approved.

As at 31 October 2020, the consolidated entity incurred a net profit of \$2,735,362 (2019: net profit of \$3,619,634) and was in a net current asset position of \$14,494,563 for the reporting period ended 31 October 2020 (2019: net current assets of \$14,178,786).

The Club notes the unpredictability of the COVID-19 situation, and the potential impact on the going concern basis of preparation. On 22 March 2020, the Government announce of the forced closure of the registered and licensed clubs, licensed premises in hotels and pubs, entertainment venues and cinemas, casinos and nightclubs effective from midday 23 March 2020 until further notice. During June 2020, the Club reopened on legislated social distancing requirements. This closure, and the transition to reopening, had a significant impact on the Club's operating cash flows for the reporting period ended 31 October 2020 and up to the date of this report. As a result, there is a high degree of uncertainty associated with forecasting cash flows over the following twelve month period.

However, the directors believe there are reasonable grounds to conclude the consolidate entity will continue as a going concern on the basis of the performance for the year to date and subsequent to year end, including its current year end cash balances.

The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount of liabilities that might result should the consolidated entity be unable to continue as a going concern and meet its debts as and when they fall due.

1 Revenue and other income (continued)

Recognition and measurement (continued)

Revenues are recognised at fair value of the consideration received or receivable net of the amount of goods and services tax (GST) payable to the taxation authority. Transfer of goods or services of the same nature and value without any cash consideration are not recognised as revenues.

Sales of goods

Revenue from the sale of goods comprises of revenue earned from the provision of food, beverage and other goods and is recognised (net of rebates, returns, discounts and other allowances) at a point in time when the performance obligation is satisfied that is on delivery of goods to the customer.

Rendering of services

Revenue from rendering services comprises revenue from gaming facilities together with other services to members and other patrons of the club and is recognised at a point in time when the services are provided.

Interest Revenue

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets is the rate inherent in the instrument.

Rental Revenue

Rental revenue from operating leases is recognised on a straight-line basis over the term of the relevant lease.

Government Grant Income

Government grants are recognised as income when it is reasonably certain that the consolidated entity complies with the conditions attached to them and when the right to receive payment is established.

The consolidated entity has elected to recognise grant income as an offset to the directly attributable expenditure in the financial statements where relevant.

Other income

Sale of Property, Plant and Equipment and Poker Machine Entitlements

The gain or loss on disposal of property, plant and equipment and poker machine entitlements is calculated as the difference between the carrying amount of the asset at the time of disposal and the net proceeds on disposal (including incidental costs) and is recognised as other income at the date control of the asset passes to the buyer.

4 Income Tax

The Income Tax Assessment Act, 1997 (amended) provides that under the concept of mutuality clubs are only liable for income tax on income derived from non-members and from outside entities.

The controlled entity, St George District Rugby League Football Club Limited, is exempt from income tax under Section 50-45 of the Income Tax Assessment Act (1997).

Deferred tax's have not been recognised in the current year due to the likelihood of utilising the recognised income tax benefits in the short term.

These benefits will only be obtained if:

- i) the company derives future assessable income of a nature and of an amount sufficient to enable the benefit to be realised,
- ii) the company continues to comply with the conditions for deductibility imposed by law, and
- iii) no changes in tax legislation adversely affect the company in realising the benefit.

4 Income Tax (continued)

Recognition and measurement

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities settled, based on those tax rates that are enacted or substantively enacted. Deferred tax assets are recognised for deductible temporary differences if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset only where there is a legally enforceable right to offset current tax assets against current tax liabilities and deferred tax assets against deferred tax liabilities; and they relate to the same taxable authority on either the same taxable entity or different taxable entity's which intend to settle the claim simultaneously.

Key Estimate and Judgement: Recoverability of Deferred Tax Assets

The carrying amount of recognised and unrecognised deferred tax assets are reviewed each reporting date. Deferred tax assets recognised are reduced to the extent that it is no longer probable that future taxable profits will be available for the carrying amount to be recovered. Previously unrecognised deferred tax assets are recognised to the extent that it is probable that there are future taxable profits available to recover the asset.

Mutuality Principle

The company calculates its income in accordance with the mutuality principle which excludes from income, any amounts of subscriptions and contributions from members, and payments received from members for particular services provided by the club or association, e.g. poker machines, bar and dining room service in the case of social clubs. The Commissioner of Taxation accepts this method of calculating income as appropriate for recognised clubs and associations.

Amendments to the Income Tax Assessment Act 1997 ensure social clubs continue not to be taxed on receipts from contributions and payments received from members.

Recognition and measurement

Financial assets are recognised at fair value through other comprehensive income, which includes equity investments which the consolidated entity intends to hold for the foreseeable future and has irrevocably elected to classify them as such upon initial recognition.

Financial assets are initially recognised at cost. These assets are subsequently measured at fair value with any incremental gains or losses being recognised through other comprehensive income. This classification is determined based on the business model within which such assets are held.

Valuation

An independent valuation of the company's land and buildings was carried out by Andrew Nock Pty Limited at 28 May 2019 on the basis of open market value for existing use. This resulted in a valuation of land and buildings at \$29,880,000 and \$21,500,000 respectively. The directors are of the opinion that there has been no decline in the market value of the company's land and buildings at 31 October 2020. As land and buildings are recorded at cost the valuation has not been brought to account.

Leased assets

The net book value of leased assets included in the property, plant and equipment is \$nil (2019: \$520,786).

Recognition and measurement

Freehold land and buildings are shown at historic cost less subsequent depreciation for buildings and accumulated impairment losses for land and buildings.

All property, plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the assets' carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the consolidated entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit or loss during the financial period in which they are incurred.

Notes to the Financial Statements
For the Year Ended 31 October 2020

7 Property, Plant and Equipment (continued)

Recognition and measurement (continued)

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated using the straight line or diminishing value methods to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives, as follows:

	2020	2019
Buildings	40 years	40 years
Plant and equipment	10 years	10 years
Poker machines	5 years	5 years
Motor vehicles	6 years	6 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of the reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the profit or loss. When revalued assets are sold the amounts included in the revaluation reserve relating to those assets are transferred to retained earnings.

Key Estimate and Judgement: Estimated Useful Lives of Assets

The consolidated entity determines the estimated useful lives and related depreciation and amortisation charges for its property, plant and equipment. The useful lives could change significantly as a result of technical innovations or some other event. The depreciation and amortisation charge will increase where the useful lives are less than previously estimated lives, or technically obsolete or non-strategic assets that have been abandoned or sold will be written off or written down.

Recognition and measurement

Annual Leave and Sick Leave

Annual leave expected to be settled within twelve months of the reporting date is recognised in employee benefits with respect to employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating sick leave are recognised when the leave is taken and measured at the rates paid or payable.

Long Service Leave

The provision for employee benefits relating to long service leave represents the present value of the estimated future cash outflows to be made resulting from employees' services provided to reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

Key Estimate and Judgement: Long Service Leave Provision

The provision is calculated using expected future increases in wage and salary rates including related on-costs and expected settlement dates based on turnover history and is discounted using the market yields on national government bonds at reporting date which most closely match the terms of maturity with the expected timing of cash flows. The unwinding of the discount is treated as long service leave expense.

The present values of employee benefits not expected to settle within the next 12 months of reporting date has been calculated using the following rates:

	2020	2019
Assumed rate of increase in wage and salary rates	1.60%	1.90%
Discount rate	0.95%	1.13%

19 Summary of Other Significant Accounting Policies

(a) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables in the Statement of Financial Position are shown inclusive of GST.

The net amount of GST recoverable from, or payable to, the Australian Taxation Office is included as a current asset or liability in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities which are disclosed as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the Australian Taxation Office.

(b) Poker Machine Entitlements

Poker machine entitlements are not amortised as they are deemed to have an indefinite useful life. They have an indefinite useful life as they do not expire and under current government legislation there is no plan to remove such entitlements. As a result, poker machine entitlements are tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired. Poker machine entitlements are carried at cost less accumulated impairment losses.

(c) Impairment of Assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs to sell and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

(d) Finance Costs

Finance costs include interest, premiums relating to borrowings, amortisation of ancillary costs incurred in connection with arrangement of borrowings and lease finance charges.

(e) Trade and Other Receivables

Trade debtors and other receivables represent the principal amounts due at balance date plus accrued interest and less, where applicable, any unearned income and provisions for doubtful accounts.

(f) Inventories

Inventories are measured at the lower of cost and net realisable value. Costs are assigned on the basis of weighted average costs.

19 Summary of Other Significant Accounting Policies (continued)

(g) Customer Loyalty Program

The consolidated entity operates a loyalty program where customers accumulate points for dollars spent. The award points are recognised as a separately identifiable component of the initial sale transaction, by allocating the fair value of the consideration received between the award points and the other components of the sale that the award points are recognised at their fair value. Revenue from the award points is recognised when the points are redeemed. The amount of revenue is based on the number of points redeemed relative to the total number expected to be redeemed.

(h) Interest in Joint Venture

The joint venture is jointly controlled by the controlled entity and another entity. The controlled entity's interest is accounted for by using the equity accounting principles in the consolidated financial statements. Under the constitution of the joint venture, the liability of the controlled entity is limited. As such the share of the net deficiency and loss has not been brought to account.
